Dear Belal,

This letter is to thank you for the excellent work during the fit out of Billy's Barber shop, T10A Kareela Village.

Your attention to detail during the various stages of the fit out enabled the project to be completed to a high standard that was respectful of the original design intent. The prompt and informative correspondence between us was of great assistance and helped speed up the project.

Once again, thank you for the high quality and professional work ethic and we hope to work with you again the future, when the opportunity arises.

Sincerely

Kapil Patel
